# 1. Startseite

# 2. Private

Diese sechs Punkte beziehen sich auf den Farbkontrast auf einigen Seiten des Sliders. Es handelt sich ausschließlich um Slider-Einträge, die zum Zeitpunkt des Tests verborgen sind. Diese Punkte sind daher irrelevant und können außer Acht gelassen werden.

### 3. Private / Energiesparen

The screenshot shows the DevTools accessibility testing interface for the URL `https://www.klimaaktiv.at/private/energiesparen`. The interface is in dark mode and features a top navigation bar with 'Overview' and 'Guided Tests' tabs. Below the navigation bar, there are fields for 'Test Name' and 'Test URL'. A summary section displays 'TOTAL ISSUES' as 0. A table shows the following issue counts: Automatic Issues (0), Guided Issues (0), Manual Issues (0), Critical (0 Serious), and Moderate (0 Minor). Below the table, there are buttons for 'Best Practices: ON', 'WCAG 2.1 AA', 'Experimental: OFF', and 'Export'. The main content area shows 'Total Issues: 0' and a message: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below the message, there are three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'

### 4. Private / Richtig heizen

The screenshot shows the DevTools accessibility testing interface for the URL `https://www.klimaaktiv.at/private/energiesparen/richtig-heizen`. The interface is in dark mode and features a top navigation bar with 'Overview' and 'Guided Tests' tabs. Below the navigation bar, there are fields for 'Test Name' and 'Test URL'. A summary section displays 'TOTAL ISSUES' as 0. A table shows the following issue counts: Automatic Issues (0), Guided Issues (0), Manual Issues (0), Critical (0 Serious), and Moderate (0 Minor). Below the table, there are buttons for 'Best Practices: ON', 'WCAG 2.1 AA', 'Experimental: OFF', and 'Export'. The main content area shows 'Total Issues: 0' and a message: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below the message, there are three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'

## 5. Gemeinden

The screenshot shows the DevTools accessibility testing interface for the URL `https://www.klimaaktiv.at/gemeinden`. The interface is in dark mode and features a top navigation bar with 'Overview' and 'Guided Tests' tabs. Below the navigation bar, there are fields for 'Test Name' and 'Test URL'. A summary section displays 'TOTAL ISSUES' as 0, with a large '0' in a dark box. To the right, a table shows the following issue counts: Automatic Issues (0), Guided Issues (0), Manual Issues (0), Critical (0), and Moderate (0). Below the table, there are toggle switches for 'Best Practices: ON', 'WCAG 2.1 AA', and 'Experimental: OFF', along with an 'Export' button. The main content area shows 'Total Issues: 0' and a message: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below this message, there are three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'

## 6. Gemeinden / Energie & Bau

The screenshot shows the DevTools accessibility testing interface for the URL `https://www.klimaaktiv.at/gemeinden/energie-bau`. The interface is in dark mode and features a top navigation bar with 'Overview' and 'Guided Tests' tabs. Below the navigation bar, there are fields for 'Test Name' and 'Test URL'. A summary section displays 'TOTAL ISSUES' as 0, with a large '0' in a dark box. To the right, a table shows the following issue counts: Automatic Issues (0), Guided Issues (0), Manual Issues (0), Critical (0), and Moderate (0). Below the table, there are toggle switches for 'Best Practices: ON', 'WCAG 2.1 AA', and 'Experimental: OFF', along with an 'Export' button. The main content area shows 'Total Issues: 0' and a message: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below this message, there are three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'

## 7. Gemeinden / Der klimaaktiv Gebäudestandard

The screenshot shows the DevTools accessibility scanner interface. The test name is 'Gemeinden / Der klimaaktiv Gebäudestandard' and the URL is 'https://www.klimaaktiv.at/gemeinden/energie-bau/gebäude/der-klimaaktiv-gebäudestandard'. The 'TOTAL ISSUES' section displays a large '0'. A table shows the following counts: Automatic Issues (0), Guided Issues (0), Manual Issues (0), Critical (0 Serious), and Moderate (0 Minor). The interface includes buttons for 'Test speichern', 'Re-run scan', 'Export', and 'View Manual Issues'. A message states: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below this, a list of recommendations is provided:

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 8. Klimabildung

The screenshot shows the DevTools accessibility scanner interface for the test 'Klimabildung' at 'https://www.klimaaktiv.at/klimabildung'. The 'TOTAL ISSUES' section displays a large '0'. A table shows the following counts: Automatic Issues (0), Guided Issues (0), Manual Issues (0), Critical (0 Serious), and Moderate (0 Minor). The interface includes buttons for 'Test speichern', 'Re-run scan', 'Export', and 'View Manual Issues'. A message states: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below this, a list of recommendations is provided:

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 9. Klimabildung / Klimakommunikation

The screenshot shows the DevTools Accessibility Scanner interface. The test name is 'Klimabildung / Klimakommunikation' and the URL is 'https://www.klimaaktiv.at/klimabildung/klimakommunikation'. The 'TOTAL ISSUES' section displays a large '0'. A summary table shows 0 issues for Automatic, Guided, and Manual categories, with 0 Serious and 0 Minor issues. The interface includes buttons for 'Test speichern', 'Re-run scan', and 'Export'. A message states 'You have (0) automatic issues, nice!' and provides advice on accessibility testing.

Category	Count
Automatic Issues	0
Guided Issues	0
Manual Issues	0
Critical	0
Moderate	0
Serious	0
Minor	0

## 10. Klimabildung / Mobicheck

The screenshot shows the DevTools Accessibility Scanner interface for 'Klimabildung / Mobicheck'. The test name is 'Klimabildung / Mobicheck' and the URL is 'https://www.klimaaktivmobil.at/klimabildung/mobilitaetsbildung/mobicheck'. The 'TOTAL ISSUES' section displays a large '0'. A summary table shows 0 issues for Automatic, Guided, and Manual categories, with 0 Serious and 0 Minor issues. The interface includes buttons for 'Test speichern', 'Re-run scan', and 'Export'. A message states 'You have (0) automatic issues, nice!' and provides advice on accessibility testing.

Category	Count
Automatic Issues	0
Guided Issues	0
Manual Issues	0
Critical	0
Moderate	0
Serious	0
Minor	0

## 11. Fachpersonen

The screenshot shows the DevTools Accessibility panel for the URL `https://www.klimaaktiv.at/fachpersonen`. The 'TOTAL ISSUES' section displays a large '0'. The 'Automatic Issues' section is empty, with sub-sections for 'Guided Issues' and 'Manual Issues' also showing 0. The 'Critical' and 'Moderate' sections show 0 Serious and 0 Minor issues respectively. The 'Best Practices' section shows 'WCAG 2.1 AA' as the active standard. The main content area displays a message: 'You have (0) automatic issues, nice!' followed by the text 'Your accessibility testing should not stop here.' and a list of three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'

## 12. Fachpersonen / Prozesse

The screenshot shows the DevTools Accessibility panel for the URL `https://www.klimaaktiv.at/fachpersonen/prozesse`. The 'TOTAL ISSUES' section displays a large '0'. The 'Automatic Issues' section is empty, with sub-sections for 'Guided Issues' and 'Manual Issues' also showing 0. The 'Critical' and 'Moderate' sections show 0 Serious and 0 Minor issues respectively. The 'Best Practices' section shows 'WCAG 2.1 AA' as the active standard. The main content area displays a message: 'You have (0) automatic issues, nice!' followed by the text 'Your accessibility testing should not stop here.' and a list of three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'

## 13. Fachpersonen / Energiemanagement

The screenshot shows the DevTools Accessibility Scanner interface. The test name is 'Fachpersonen / Energiemanagement' and the URL is 'https://www.klimaaktiv.at/fachpersonen/prozesse/energiemanagement'. The 'TOTAL ISSUES' section displays a large '0'. A table shows the following counts: Automatic Issues: 0, Guided Issues: 0, Manual Issues: 0, Critical: 0, and Moderate: 0. The interface also shows 'Best Practices: ON', 'WCAG 2.1 AA', and 'Experimental: OFF'. A message states 'You have (0) automatic issues, nice!' and provides advice on accessibility testing.

Issue Type	Count
Automatic Issues	0
Guided Issues	0
Manual Issues	0
Critical	0
Moderate	0

Best Practices:  ON    WCAG 2.1 AA    Experimental:  OFF

Total Issues: 0

You have (0) automatic issues, nice!

Your accessibility testing should not stop here.

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 14. Unternehmen

The screenshot shows the DevTools Accessibility Scanner interface. The test name is 'Unternehmen' and the URL is 'https://www.klimaaktiv.at/unternehmen'. The 'TOTAL ISSUES' section displays a large '0'. A table shows the following counts: Automatic Issues: 0, Guided Issues: 0, Manual Issues: 0, Critical: 0, and Moderate: 0. The interface also shows 'Best Practices: ON', 'WCAG 2.1 AA', and 'Experimental: OFF'. A message states 'You have (0) automatic issues, nice!' and provides advice on accessibility testing.

Issue Type	Count
Automatic Issues	0
Guided Issues	0
Manual Issues	0
Critical	0
Moderate	0

Best Practices:  ON    WCAG 2.1 AA    Experimental:  OFF

Total Issues: 0

You have (0) automatic issues, nice!

Your accessibility testing should not stop here.

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 15. Unternehmen / Gebäude

The screenshot shows the DevTools Accessibility Insights interface for the URL `https://www.klimaaktiv.at/unternehmen/gebäude`. The interface is in dark mode and displays the following information:

- Test Name:** (empty)
- Test URL:** `https://www.klimaaktiv.at/unternehmen/gebäude`
- TOTAL ISSUES:** 0
- Issue Counts:**
  - Automatic Issues: 0
  - Guided Issues: 0
  - Manual Issues: 0
  - Critical: 0
  - Moderate: 0
  - Serious: 0
  - Minor: 0
- Standards:** Best Practices: ON, WCAG 2.1 AA, Experimental: OFF
- Buttons:** Test speichern, Re-run scan, Export
- Message:** "You have (0) automatic issues, nice! Your accessibility testing should not stop here."
- Guidance:**
  - Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
  - Use Intelligent Guided Tests to find even more issues.
  - View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 16. Unternehmen / Abwärmenutzung

The screenshot shows the DevTools Accessibility Insights interface for the URL `https://www.klimaaktiv.at/unternehmen/prozesse/produktion/abwaermenutzung`. The interface is in dark mode and displays the following information:

- Test Name:** (empty)
- Test URL:** `https://www.klimaaktiv.at/unternehmen/prozesse/produktion/abwaermenutzung`
- TOTAL ISSUES:** 0
- Issue Counts:**
  - Automatic Issues: 0
  - Guided Issues: 0
  - Manual Issues: 0
  - Critical: 0
  - Moderate: 0
  - Serious: 0
  - Minor: 0
- Standards:** Best Practices: ON, WCAG 2.1 AA, Experimental: OFF
- Buttons:** Test speichern, Re-run scan, Export
- Message:** "You have (0) automatic issues, nice! Your accessibility testing should not stop here."
- Guidance:**
  - Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
  - Use Intelligent Guided Tests to find even more issues.
  - View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 17. Termine

The screenshot shows the DevTools Accessibility DevTools interface for a test named 'Termine'. The test URL is <https://www.klimaaktiv.at/termine>. The interface displays a summary of issues:

Category	Count
TOTAL ISSUES	0
Automatic Issues	0
Guided Issues	0
Manual Issues	0
Critical	0
Moderate	0

Additional settings shown include: Best Practices: ON, WCAG 2.1 AA, Experimental: OFF. A message states: "You have (0) automatic issues, nice! Your accessibility testing should not stop here." Below this, a list of recommendations is provided:

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 18. Tools

The screenshot shows the DevTools Accessibility DevTools interface for a test named 'Tools'. The test URL is <https://www.klimaaktiv.at/tools>. The interface displays a summary of issues:

Category	Count
TOTAL ISSUES	0
Automatic Issues	0
Guided Issues	0
Manual Issues	0
Critical	0
Moderate	0

Additional settings shown include: Best Practices: ON, WCAG 2.1 AA, Experimental: OFF. A message states: "You have (0) automatic issues, nice! Your accessibility testing should not stop here." Below this, a list of recommendations is provided:

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 19. Publikationen

The screenshot shows the DevTools accessibility testing interface for the URL `https://www.klimaaktiv.at/publikationen`. The interface is in dark mode and has two tabs: 'Overview' and 'Guided Tests'. The 'Overview' tab is active, showing a 'TOTAL ISSUES' section with a large '0' and a 'Tested Manual Issues' button. A summary table shows 0 issues for Automatic, Guided, and Manual categories, and 0 for both Critical and Moderate severity levels. Below the table, there are toggle switches for 'Best Practices: ON', 'WCAG 2.1 AA', and 'Experimental: OFF', along with an 'Export' button. The main content area features a person icon and the message 'You have (0) automatic issues, nice!' followed by the text 'Your accessibility testing should not stop here.' and a list of three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'

Category	Count
Automatic Issues	0
Guided Issues	0
Manual Issues	0
Critical	0
Moderate	0

## 20. Good-Practices

The screenshot shows the DevTools accessibility testing interface for the URL `https://www.klimaaktiv.at/good-practices`. The interface is in dark mode and has two tabs: 'Overview' and 'Guided Tests'. The 'Overview' tab is active, showing a 'TOTAL ISSUES' section with a large '0' and a 'Tested Manual Issues' button. A summary table shows 0 issues for Automatic, Guided, and Manual categories, and 0 for both Critical and Moderate severity levels. Below the table, there are toggle switches for 'Best Practices: ON', 'WCAG 2.1 AA', and 'Experimental: OFF', along with an 'Export' button. The main content area features a person icon and the message 'You have (0) automatic issues, nice!' followed by the text 'Your accessibility testing should not stop here.' and a list of three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'

Category	Count
Automatic Issues	0
Guided Issues	0
Manual Issues	0
Critical	0
Moderate	0

## 21. Förderungen

The screenshot shows the DevTools Accessibility panel for the URL <https://www.klimaaktiv.at/foerderung>. The 'TOTAL ISSUES' section displays a large '0'. The 'Automatic Issues' table shows 0 issues across all categories: Automatic Issues, Guided Issues, Manual Issues, Critical, and Moderate. The 'Total Issues: 0' section includes a message: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below this, a list of recommendations is provided:

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 22. Podcasts

The screenshot shows the DevTools Accessibility panel for the URL <https://www.klimaaktiv.at/podcast>. The 'TOTAL ISSUES' section displays a large '0'. The 'Automatic Issues' table shows 0 issues across all categories: Automatic Issues, Guided Issues, Manual Issues, Critical, and Moderate. The 'Total Issues: 0' section includes a message: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below this, a list of recommendations is provided:

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 23. Bildergalerien

The screenshot shows the DevTools Accessibility Scanner interface for the URL `https://www.klimaaktiv.at/bildergalerie`. The 'TOTAL ISSUES' section displays a large '0'. The 'Automatic Issues' table shows 0 issues across all categories: Automatic, Guided, and Manual. The severity breakdown shows 0 Critical and 0 Moderate issues. The interface includes a 'Test speichern' button and an 'Export' button. A message states: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below this, a list of recommendations is provided:

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 24. Presse

The screenshot shows the DevTools Accessibility Scanner interface for the URL `https://www.klimaaktiv.at/presse`. The 'TOTAL ISSUES' section displays a large '0'. The 'Automatic Issues' table shows 0 issues across all categories: Automatic, Guided, and Manual. The severity breakdown shows 0 Critical and 0 Moderate issues. The interface includes a 'Test speichern' button and an 'Export' button. A message states: 'You have (0) automatic issues, nice! Your accessibility testing should not stop here.' Below this, a list of recommendations is provided:

- Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)
- Use Intelligent Guided Tests to find even more issues.
- View a list of 'Remaining testing' manually after automated/guided tests are completed.

## 25. Topprodukte / Filteransicht

The screenshot shows the DevTools accessibility scanner interface. The top navigation bar includes 'Overview' and 'Guided Tests'. The 'Test Name' field is empty, and the 'Test URL' is 'https://www.klimaaktiv.at/private/topprodukte/beleuchtung'. The 'TOTAL ISSUES' section displays a large '0'. Below this, a table shows the following counts: Automatic Issues: 0, Guided Issues: 0, Manual Issues: 0, Critical: 0 Serious, and Moderate: 0 Minor. The 'Best Practices' section shows 'ON' for WCAG 2.1 AA and 'OFF' for Experimental. The 'Total Issues: 0' section includes a 'Run Manual Scan' button. The main content area features a person icon and the message 'You have (0) automatic issues, nice!' followed by the advice 'Your accessibility testing should not stop here.' and a list of three recommendations: re-run axe on every state of the page, use Intelligent Guided Tests, and view a list of 'Remaining testing' manually.

## 26. Topprodukte / Detailansicht

The screenshot shows the DevTools accessibility scanner interface for a different page. The top navigation bar includes 'Overview' and 'Guided Tests'. The 'Test Name' field is empty, and the 'Test URL' is 'https://www.klimaaktiv.at/unternehmen/topprodukte/detail/gram-compact-k220-69128'. The 'TOTAL ISSUES' section displays a large '0'. Below this, a table shows the following counts: Automatic Issues: 0, Guided Issues: 0, Manual Issues: 0, Critical: 0 Serious, and Moderate: 0 Minor. The 'Best Practices' section shows 'ON' for WCAG 2.1 AA and 'OFF' for Experimental. The 'Total Issues: 0' section includes a 'Run Manual Scan' button. The main content area features a person icon and the message 'You have (0) automatic issues, nice!' followed by the advice 'Your accessibility testing should not stop here.' and a list of three recommendations: re-run axe on every state of the page, use Intelligent Guided Tests, and view a list of 'Remaining testing' manually.

## 27. Newsletter-Anmeldung

The screenshot shows the DevTools Accessibility Insights interface for a test named 'Newsletter-Anmeldung'. The test URL is <https://www.klimaaktiv.at/newsletter>. The interface displays a 'TOTAL ISSUES' summary of 0. A table on the right shows the following counts: Automatic Issues (0), Guided Issues (0), Manual Issues (0), Critical (0), and Moderate (0). The 'Best Practices' section is set to 'ON', 'WCAG 2.1 AA' is selected, and 'Experimental' is 'OFF'. The main content area features a large '0' in a circle and the message 'You have (0) automatic issues, nice!'. Below this, it states 'Your accessibility testing should not stop here.' and provides three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'

## 28. Suche

The screenshot shows the DevTools Accessibility Insights interface for a test named 'Suche'. The test URL is <https://www.klimaaktiv.at/suche?searchterm=>. The interface displays a 'TOTAL ISSUES' summary of 0. A table on the right shows the following counts: Automatic Issues (0), Guided Issues (0), Manual Issues (0), Critical (0), and Moderate (0). The 'Best Practices' section is set to 'ON', 'WCAG 2.1 AA' is selected, and 'Experimental' is 'OFF'. The main content area features a large '0' in a circle and the message 'You have (0) automatic issues, nice!'. Below this, it states 'Your accessibility testing should not stop here.' and provides three bullet points: 'Re-run axe on every state of the page (include: expanding accordions, modals, sub-menus, etc.)', 'Use Intelligent Guided Tests to find even more issues.', and 'View a list of 'Remaining testing' manually after automated/guided tests are completed.'
